Learning Center Class: Class 1

Favorite Center Activity: Any art activities where she can color or paint

Strengths: Roseli is a sweet and bubbly student and, though she is one of the quieter students in the classroom, she makes her presence especially known when she sings the alphabet song. Roseli is a very focused worker but she always takes a moment to help her classmates if she sees they need it. It is a joy to see Roseli in class, especially when she finds her happy place in Center art activities.
